Going to heaven will be a real treat!

Many are 'tricked' into thinking they're good enough for heaven. ***Don't be tricked!*** Let's test how good you are...

2

Have you ever told a lie? Used bad words?

When God judges us for the things we've done, we all will be found guilty. That means none of us are good enough for heaven.

3

And because we're guilty, we deserve punishment in hell. But...

The *good news* is that **Jesus** came to rescue us! He took the punishment we deserve by dying on the cross.

4

After 3 days, Jesus rose from the dead, proving His victory over sin and death.

Nope, don't get tricked! Jesus offers to save us as a free gift. We don't earn it by doing good things or by stopping sin.

5

Imagine if I knocked on your door on Halloween and instead of you giving me candy, I gave you all of mine as a gift!

That's what Jesus has done for us! He didn't treat us as we deserve but took all our punishment on Himself. We receive this gift by trusting in what He did to save us.

If Jesus takes 100% of your punishment, how much is left for you?

So where would you end up when you die?

That's right! All because of what Jesus did, not because of what we do.

Halloween is all about getting treats, but God has given us the *greatest treat* of all: Jesus, who came to save us from our sins.

Trust that Jesus took the punishment you deserve for your sins, so you don't have to receive it yourself for eternity. Then *share* this treat with others so they can know the way to heaven!

When you trust that Jesus died for your sins, your life will change. You'll want to live for the One who died for you, avoiding sin out of gratitude for what Jesus has done.
